APPORX 2009 and RANDOM 2009

13th Intl. Workshop on Randomization and Computation - RANDOM 2009

http://cui.unige.ch/tcs/random-approx/

21-23 August 2009, HP Auditorium
UC Berkeley, USA

Call for papers

SCOPE

APPROX’2009 focuses on algorithmic and complexity theoretic issues relevant to the development of efficient approximate solutions to computationally difficult problems, while RANDOM’2009 focuses on applications of randomness to computational and combinatorial problems. RANDOM’2009 is the thirteenth workshop in the series; APPROX’2009 is the twelfth in the series.

TOPICS

Papers are solicited in all research areas related to randomization and approximation, including, but not limited to:

APPROX

• design and analysis of approximation algorithms
• hardness of approximation
• small space, sub-linear time, and streaming
• algorithms
• embeddings and metric space methods
• mathematical programming methods

• combinatorial problems in graphs and networks
• game theory, markets, and economic applications
• geometric problems
• packing, covering, and scheduling
• approximate learning
• other applications

RANDOM

• design and analysis of randomized algorithms
• randomized complexity theory
• pseudorandomness and derandomization
• random combinatorial structures
• random walks/Markov chains
• expander graphs and randomness extractors
• probabilistic proof systems
• random projections and embeddings
• error-correcting codes
• average-case analysis
• property testing
• computational learning theory
SUBMISSIONS

Abstract Format: Electronic submissions are solicited. Please consult the following servers:

For submission of APPROX papers: [http://www.easychair.org/conferences/?conf=approx2009](http://www.easychair.org/conferences/?conf=approx2009)

For submission of RANDOM papers: [http://www.easychair.org/conferences/?conf=random09](http://www.easychair.org/conferences/?conf=random09)

Note: You will be asked to login using an EasyChair account. Directions on how to register for such an account are available at the submission servers (you may also have an old account from a previous conference submission).

The postscript must be received by 17:00pm (PDT) of April 12 for your submission to be considered.

Abstract Format: Authors should submit an extended abstract (not a full paper). An abstract should start with the title of the paper, each author's name, affiliation, and e-mail address, followed by a one-paragraph summary of the results to be presented.

This should then be followed by a technical exposition of the main ideas and techniques used to achieve these results including motivation and a clear comparison with related work.

The abstract should not exceed 10 single-spaced pages on letter-size paper, using reasonable margins and at least 11-point font (not including the references). If the authors believe that more details are essential to substantiate the main claims of the paper, they may include a clearly marked appendix that will be read at the discretion of the program committee.

Simultaneous submission

Simultaneous submission to other conferences with published proceedings is not allowed.

PROCEEDINGS

Proceedings will be published in the Springer-Verlag series Lecture Notes in Computer Science.

Previous proceedings of APPROX appeared as LNCS 1444, 1671, 1913, 2129, 2462, 2764, 3122, 3624, 4110 and 4627 while previous proceedings of RANDOM appeared as LNCS 1269, 1518, 1671, 2129, 2483, 2764, 3122, 3624, 4110, 4627 and as Proceedings in Informatics 8.

IMPORTANT DATES

Submission deadline
April 12, 2009

Notification to authors
June 1, 2009

Camera ready
June 15, 2009

Conference
August 21-23, 2009

PROGRAM COMMITTEES

APPROX

Nikhil Bansal, IBM T. J. Watson Research Center
Ziv Bar-Yossef, Google
Artur Czumaj, University of Warwick
Michel Goemans, Massachusetts Institute of Technology
Sudipto Guha, University of Pennsylvania
Magnus Halldorsson, Reykjavik University
Dorit Hochbaum, University of California, Berkeley
Elias Koutsoupias, University of Athens
Robi Krauthgamer, Weizmann Institute of Science
Ravi Kumar, Yahoo! Research
Lap Chi Lau, Chinese University of Hong Kong
Seffi Naor, Technion, Chair
Tim Roughgarden, Stanford University
Bruce Shepherd, McGill University
Tami Tamir, The Interdisciplinary Center

PROGRAM CHAIRS
APPROX
Seffi Naor,
Israel Institute of Technology
email:
naor@cs.technion.ac.il

RANDOM
Irit Dinur (chair)
Vitaly Feldman
Parikshit Gopalan
Danny Gutfreund
Prahladh Harsha
Avinatan Hassidim
Russel Impagliazzo
Mark Jerrum
Tali Kaufman
Subhash Khot
J. Radhakrishnan
Dana Randall
Michael Saks
Adi Shraibman

Emanuele Viola

Random
